

*White Wine Selection**Devils Lair Margaret River Savignon Blanc*

62~

This is another great offering from Devils Lair is a new addition to their armoury. With plenty of weight, depth and structure, the vintage takes the edge off the fruit expression, steering it towards Semillon in character. Great for those that enjoy a more sophisticated Savignon Blanc.

*Devils Lair Margaret River Chardonnay*

74~

Pale straw with green hues, bright and youthful. Notes of white fleshed peaches, pink grapefruit and pear drops. Aromas of cashew nut and exotic spice complexity complete the lovely, creamy nuances. The fruit is typically powerful, the palate full of silky textures and complexity, and the finish tight and minerally - a linear and focused package.

*Coldstream Hills Reserve Chardonnay*

79~

The nose shows attractive notes of citrus, pear and quince with underlying mineral/slatey notes. There are ample bouquets of grape purity and finesse, melons, fig and stone fruit flavours are interwoven with a touch of spicy barrel ferment character. Fine toasty oak throughout, further complexity like roman nougat and butter mallow. The palate is elegant, restrained and shows wonderful fine acidity. The lavish toastiness of the oak complements the fruit characters of citrus, pear and white peach which are further enhanced by underlying minerality. The wine has excellent length and balance, an excellent example of cool climate Chardonnay from the outstanding 2005 vintage.
